SPOTLIGHT ON P.I.N.K.:

P.i.n.k. Vodka is the world's first 80 proof, ultra-premium, imported vodka from Holland, flawlessly infused with caffeine and guarana. No added flavor, sugar, color, or carbs. Just great vodka made from 100 percent of the finest hand-picked wheat and distilled five times.

Simply on the rocks or in a traditional martini. Such an exciting spirit one with such versatility, can be appreciated in so many ways. It's time to put those other vodkas to bed and mix it up with p.i.n.k.
